

## Capability Statement

CLM Construction LLC is a Louisiana-based small business contractor with a rich history spanning over 20 years in the Gulf Coast Central region. Specializing in disaster assessment and recovery for both residential and commercial projects, CLM brings a wealth of experience and expertise to each endeavor. Equipped with cutting-edge tools, resources, and a skilled workforce, CLM is well-prepared to tackle complex, damaged, and hazardous locations. The company has a proven track record in disaster recovery and government-funded residential rehabilitation, having contributed to various high-profile projects such as the Louisiana Restore initiative post-2016 flood, FEMA STEP "Tu Hogar Renace" in Puerto Rico following Hurricanes Maria and Irma, and FEMA programs in North Carolina post-hurricanes Florence and Mathew. Additionally, CLM has successfully completed numerous HUD and CDBG projects in Louisiana. Since 2023 is actively engaged in the Lake Charles housing rehabilitation recovery program post-Hurricane Laura. In addition to these public projects, CLM has also undertaken a range of private commercial and residential developments, showcasing its versatility and commitment to excellence in construction.

## Core Competencies

- Extensive experience in disaster assessment and recovery, with a focus on executing complex construction projects in damaged and hazardous locations.
- Proven track record of exceeding expectations and delivering high-quality results in disaster recovery and restoration.
- Specialization in disaster recovery and government-funded residential rehabilitation and new construction projects nationwide.
- Consistent track record of building homes efficiently without compromising on quality or customer service.
- Established reputation as a leading player in the construction industry, with a portfolio of successful commercial projects.
- Demonstrated ability to deliver projects on time and within budget, with a commitment to quality and efficient build times.
- Expertise in federal-funded projects, meeting stringent deadlines and surpassing expectations.
- State licensed in lead and mold abatement, with an in-house remediation and dumpster company to enhance efficiency in restoration services and general construction projects.
